

Re: Scott Pottinger Custom Homes, Inc.

To whom it may concern:

I am pleased to be able to provide this letter of recommendation for Scott Pottinger to any prospective client. Scott was the General Contractor for the Trent Residence, Morning Star Ranch, Tubac, Arizona, and I worked directly with Scott to construct this multi-million dollar residence.

Scott was an effective and professional manager in all aspects of the project, from coordination of sub-contractors and suppliers to conferring with the Architect and the Owner. The professional experience and input of Scott during the execution of this project was extremely valuable and a key factor in its ultimate success. Scott was forthright in his approach to solving on-site situations, utilizing his professional expertise and good sense. The lines of communication were always open and he was very responsive to changes and suggestions as they arose. Scott was as thorough in his approach to correspondence and job administration as he was to the actual fieldwork. He was also diligent in his efforts to maintain the highest standard of construction and made every effort to keep the costs within the prescribed budget.

As an organization, Scott Pottinger Custom Homes, Inc. displayed the highest levels of professional conduct. The caliber of his performance was always beyond reproach. I found that his work on this project was always complete and timely. More importantly, Scott's interaction with my firm was always highly appropriate and his concerns were always for the success of the project.

I offer only praise for Scott's attitude and ability in all areas of the construction process. Without reservation I gladly provide my endorsement of Scott's capacity to provide professional services that offers both an honest, ethical approach and technical excellence. Should any further information be required, I would be happy to respond. You may reach me at my office in Lakeside, Arizona at (928)-367-3744.

Sincerely,

A handwritten signature in black ink, appearing to read "Stan".

Stan Schuman, Architect
